Wings of Welcome!

Please join me in welcoming Ms. Elmer to our Supai community as our newest Special Education teacher!

As a certified and licensed teacher, Ms. Elmer brings with her over 20 years of experience in education, with a strong focus on Special Education. She holds a Master of Science in Special Education from Saint Joseph College in West Hartford, Connecticut, and a Bachelor of Science in Elementary Education from Central Connecticut State University. In 2018, she also earned a Certificate of Leadership in Administration from Creighton University. Her teaching journey has taken her across a variety of educational settings—including public, private, and federal schools. She has served as a resource Special Education teacher for the Tohono O’odham Nation in Sells, Arizona, and taught grades one through three on a U.S. Army base in South Carolina.

Outside the classroom, Ms. Elmer is a proud mother of three grown children, all of whom pursued degrees in the Sciences. Her son recently got engaged, and she’s excited to share this new chapter with us here in Supai.

We’re thrilled to have her join our team and look forward to the knowledge, compassion, and dedication she brings to our students and families.

**Celebrating our
Students of the Month for the character trait of
“I will be kind”.**
